

Sage Overview

sage

April 2014

Why Sage

Intelligence Community

Academia
Private Sector
Non-Profit
USG
SMEs

Sage is the IC's only approved collaboration platform supporting analytic outreach

Three Layers of Collaboration

Foresight Community will be open to all with SAGE access.

Federal Foresight Network could be one of SAGE's discoverable GROUPS designed to promote enduring collaboration.

Private SPACES remain hidden from non-members, maintaining discretion while enabling the full suite of collaboration tools for members of your space.

Sage provides a collaboration platform which addresses organizational privacy concerns

Other Features

- Configurable User Profiles
- Status Updates
- Direct Messaging
- Blogging
- Tagging
- Search
- Polls
- Tasks
- Alerts
- Projects
- RSS & Social Media feeds
- Calendars & Events

Sage provides integrated set of tools to support collaboration workspaces

Considerations for Federal Partners

- SAGE content will be accessible to the IC.
- Foreign Intelligence Organizations may be aware of SAGE's affiliation with the IC.
- If you travel with a laptop or mobile device you've used to visit SAGE, you may be questioned about association with the IC.

Sage Access

Contact support@sagecollaboration.com for more information

Access Management Option

- Salesforce.com relationship management
- 1-year “subscriptions” as “opportunities”
- Get alerts when subscription about to end
